This is the AACT CH Section Mid– Winter Meeting:

We are going to follow the pattern set the last four years of having a meeting focusing on technological innovation and equipment. Computer Aided Technology will be speaking on recent technology improvements as well as 3D scanning that allows an artistic flair to 3D printing projects. Attendees will have a basic review of 3D printing and have an opportunity to ask questions and learn more about utilizing this tool for confection research.

*Long Grove is a village west of Chicago. The village has turn of the century shops, raised sidewalks, and a one lane covered wooden bridge in a picturesque setting. Enzo and Lucia is 3 blocks from the Long Grove Tavern; our original location*

Please join AACT industry friends and colleagues to learn more about technical insights in the confectionery field, while enjoying some delicious food and drinks!

Please email reservations to [kate.jacobsen@ferrarausa.com](mailto:kate.jacobsen@ferrarausa.com) or phone 913 982-6671 by **January 13<sup>th</sup>, 2017**. **\*\*Fee is non-refundable after 1/16/17 Date\*\***
