

Our last meeting of the 2017-2018 year on May 10<sup>th</sup> will be commodities night with a focus on the commodity vanilla, one of the most beloved spices in existence! For this presentation, we are fortunate to have Craig Nielsen of Nielsen-Massey to present on the origins, the drivers, and the future of the vanilla market! As many in the confectionary industry have seen the fluctuations of vanilla prices throughout the years it will be a great way to understand what causes the volatility and changes of the market. So come hear Craig explain this complicated yet precious commodity!

The meeting will be held at Thunder Bay Grille in Pewaukee, tickets for members are \$35 and \$15 for students! Please rsvp using the link below:

We hope to see you there!

Thanks so much,

Ellie Schroeder
